PROFILE

I have a passion for both design and web development and UX is central in everything I do. I love tackling complex problems and to work on meaningful projects with inspiring and creative people.

EXPERIENCE

UI/UX Designer and front end developer at Umeå University

Sep 2018 - Dec 2018 | Umeå, Sweden

Designed and build a new website for exchange studies. Work included the entire design process from research, prototyping and user testing to web development in React.

UX Design and front end developer at Accurate Player

Jul 2018 - Aug 2018 | Umeå, Sweden

I started my own company to consult the startup Accurate Player that is a subsidiary of Codemill. Work included a thorough UX preparation work and front end development to a CMS-based web page.

UX Designer and full stack developer at Vitec

Jan 2017 - Jun 2017 | Umeå, Sweden

Student collaboration with Vitec. Work included design, building and testing an ASP.NET-application containing API management.

UI Designer and front end developer, Idag & Inatt

Oct 2016 - May 2017 | Umeå, Sweden

Board member of conference and banquet Idag & Inatt. A career fair with accompanying banquet for students of M.Sc in interaction technology and design. In charge of creating a website.

Fair coordinator, Uniaden

Oct 2016 - Feb 2017 | Umeå, Sweden

Job fair held at Umeå University campus. The fair has nearly 100 exhibiting companies and is the largest career fair for students in northern Sweden. Work consisted planning, building and running the fair. I also was responsible for 10 company hosts.
